

# Registration with NHS Test and Trace\*

*\* This is NOT the same  
as the NHS Covid app*

Pre-registration can be done anytime before the test day and only needs to be done once.

# 1. How to pre register – *find the URL*

OFFICIAL – SENSITIVE – COMMERCIAL

NHS  
Test and Trace

Find this URL on your phone

1

**START REGISTRATION:**  
Test Subjects need to register their unique barcode at <http://gov.uk/enter-lateral-flow-test>. This process will link them to their test sample and collect their contact details. Test Subjects should the guidance and tap "Start now".

Register a coronavirus test (lateral flow test)

This type of test checks if you're currently infectious with coronavirus. It's called a lateral flow test.  
Your sample will be taken and tested at the site and you'll get your result the same day.

To complete this form, you'll need:

- the barcode for the test you're registering (it starts with the letter 'L')
- a mobile number (or you or the person you're registering it for)

**!** Only use this service if the barcode on your test kit starts with the letter 'L'. If your barcode does not start with 'L' you need to register your test kit using a different service.

## 2. How to pre register – *create a log in to NHS Test and Trace*

OFFICIAL – SENSITIVE – COMMERCIAL

NHS  
Test and Trace

3

LITE REGISTRATION PROCESS:  
**ACCOUNT  
REGISTRATION**

*Tap 'Continue with NHS login' so you can create an account and your details are saved*

**ACCOUNT REGISTRATION:**  
Test Subjects, aged 13 or over, can create an account or log into their account by tapping "NHS Continue with NHS login". If the Test Subject does not want to create an account, they can tap "Continue without NHS login".

**Register faster with a Test and Trace account**

A Test and Trace account enables you to save your details, so you do not need to enter them next time.

You just need an email address and a mobile number to create an account. Or you can use your existing NHS login details, if you have them.

**NHS** Continue with NHS login

Continue without NHS login

Test Subjects who do not want to create an account can skip to [step 6](#).

### 3. How to pre register – *enter email and mobile details*

*This process has a few more stages than is shown here:*

- 1. When you have entered your email address and password you will need to open your emails and confirm receipt of the NHS email.*
- 2. This will open a new tab in your browser that says email address confirmed. **You will need to open the original tab** (‘[access.login.nhs.uk](https://access.login.nhs.uk)’) to finish the log in process*
- 3. You will then be asked to enter your mobile number and you will be sent a text with 6 digit number to enter before you can complete registration.*
- 4. Once all this is complete you get the welcome page (on the next slide)*

The screenshot displays the NHS login interface. At the top, it says "OFFICIAL – SENSITIVE – COMMERCIAL" and "Test and". A blue bar with a white circle containing the number "4" indicates the current step. The main heading is "NHS LOG IN:". Below this, there is explanatory text: "If a Test Subject, aged 13 or over, continues to 'NHS Log in', they will be asked to enter their email address. The system will check if the Test Subject has an account. If they have an account they will be asked for their password. If they do not have an account, they will need to provide their mobile number to complete account registration." The interface is divided into two main sections. The left section, titled "Check your email", contains the text: "We have sent an email to [input field]. Select confirm in the email and come back to this screen." Below this is a green button labeled "I have confirmed my email" and a "Feedback" link. A note says: "You can [enter your email address again](#) if you got it wrong." The right section, titled "Enter your email address", has an "Email address" input field and a "Continue" button. Below this is a "Create a password" section with requirements: "Your password must have: 8 characters or more, 1 capital letter or more." It includes "Password" and "Confirm password" input fields, each with a "Show" button. At the bottom, there is an "Agree to our terms of use" section with a "Continue" button. A separate window titled "Enter your password" is shown to the right, with a "Back to: Enter your email" link, a "Password" input field with a "Show" button, a "Forgot your password?" link, and a "Continue" button.

# 4. How to pre register – *that's it*

*You are now registered  
and can log your test on  
the day you take it*
